bscbirdie.online (BSC BIRDIE) smart contract

(1) Smart contract interpretation

In a simple word, "smart contract" is a contract (contract) agreement performed programmatically. The main objective of the smart contract is to meet the needs of a number of common contracts (such as payment agreements, mortgage agreements. confidentiality agreements, and even enforcement agreements). The smart contract minimizes the impact of accidents or the events by implementation of the agreement, removing third-party trust mechanism to minimize the cost of trust between the parties, reducing fraud losses and non-conformance with the agreement, decreasing accidents, improving the efficiency of social operation and achieving other economic goals.

(2) bscbirdie.online (BSC BIRDIE) smart contract

The user chooses the relevant conditions to generate the smart contract, such as the lease time, the payment of the deposit, the rent and the deductible, etc.. When the smart contract obtains external data, detected in line with the preparatory conditions, will take the initiative to replace the enterprise and users to respond, such as automatic delivery, automatic refund, automatic payment and so on. The whole process is recorded in the blockchain, to ensure that all states of correctness, integrity and non-tampering, and to reduce the impact of accidents.

and (ii) participating in the Contract's Creator of the token's token sale outlined in this White Paper (the „Token Sale“, „Airdrop“, „Token Presale“). This

“Legal Considerations, Risks and Disclaimer” section applies to this White Paper and any and all information available on the Website. The contents of this “Legal Considerations, Risks and Disclaimer” section outlines the terms and conditions applicable to you in connection with (i) your use of this White Paper and of any and all information available on the Website; and (ii) your participation in the Token Sale, in each case in addition to any other terms and conditions that we may publish from time to time relating to this White Paper, the Website and the Token Sale (such terms hereinafter referred to as the “Terms”). This “Legal Considerations, Risks and Disclaimer” section may be updated from time to time and will be published as part of the latest version of the White Paper which shall be available on the Website. You shall be obliged to read in full the latest available version of the White Paper available on the Website prior to participating in the Token Sale. The information set forth in this “Legal Considerations, Risks and Disclaimer” section may not be exhaustive and does not imply any elements of a contractual relationship. While we make every reasonable effort to ensure that all information: (i) in this White Paper; and (ii) available on the Website (all the information in the White Paper and all information available on the Website hereinafter referred to as the “Available Information”) is accurate and up to date, such material in no way constitutes professional advice. Individuals intending to participate in the Token Sale should seek independent professional advice prior to acting on any of the Available Information.

LEGAL CONSIDERATIONS

The Contract's Creator of the token has used reasonable endeavours to approach the Token Sale in a responsible and

sensible manner. Given the legal uncertain of distributed ledger technologies, businesses and activities as well as cryptocurrencies and cryptocurrency-related businesses and activities in a number of jurisdictions, the Contract's Creator of the token has spent time and resources to consider its business approach

and where it proposes to operate now and in the future. The Contract's Creator of the token has worked with Polished Law Firm in respect of law matters. The Contract's Creator of the token has NOT taken any other legal advice

in any other jurisdiction. As such, it is possible that the Contract's Creator of the token's bscbirdie.online (BSC BIRDIE) tokens

described in this White Paper and which are the subject of the Token Sale (the “Tokens”) may

comprise a security in your jurisdiction or the offer for sale by the Contract's Creator of the token of the Tokens in your

jurisdiction may be a regulated or prohibited activity and in either of these cases the Contract's Creator of the token may

be liable for the same. The Contract's Creator of the token accepts no responsibility or liability to you in these or any other

circumstances. You are strongly advised to take independent legal advice in respect of the legality in your jurisdiction of your participation in the Token Sale and purchase of Tokens.

The Financial Services Commission has on 12th October 2017 published a draft of the principledbased regulations which relate to the use of distributed ledger technology for storing and transmitting value belonging to others, and which regulations come into effect on 1st January 2018.

The Financial Services Commission has also announced that regulations relating to public token sales will come into effect in early 2018. The Contract's Creator of the token will use reasonable commercial endeavours to

comply with all regulations and, to the extent reasonably practicable with the regulations of such other jurisdictions that it is able to. However, due to the current uncertain state of regulation relating to distributed ledger technology and token sales across the world, the Contract's Creator of the token cannot guarantee

the legality of the Token Sale or the future other tokens to be developed as envisaged by the Available Information or the Contract's Creator of the token's ability to develop, structure and licence any future Token

functionality in every jurisdiction but the Contract's Creator of the token will use reasonable commercial endeavours to be

responsive and compliant in the face of any regulatory inquiry.

The Tokens are not securities. In the event that you purchase Tokens,

your purchase cannot be refunded or exchanged. The Contract's Creator of the token does not recommend purchasing

Tokens for speculative investment purposes. Tokens do not entitle you to any equity, governance, voting or similar right or entitlement in the Contract's Creator of the token or in any of its affiliated companies. Tokens are

sold as digital products, similar to downloadable software, digital music and the like. The Contract's Creator of the token

does not recommend that you purchase Tokens unless you have prior experience with cryptographic tokens, blockchain-based software and distributed ledger technology and unless you have taken independent professional advice.

The Contract's Creator of the token may choose to make the Available Information in a number of different languages. In

you agree and acknowledge that the Contract's Creator of the token is not liable for any direct indirect special incidental consequential or other losses of any kind in tort contract or otherwise (including but not to loss of revenue income or profits or loss of use or data or loss of reputation or loss of any economic or other opportunity of whatsoever nature or howsoever arising) arising out of or in connection with any acceptance of or reliance on the Available Information or any part thereof by you; and all of the above representations and warranties are true, complete, accurate and not misleading from the time of your last access to and/or possession of (as the case may be) the Available Information.

RISKS RELATING TO THE CONTRACT'S CREATOR OF THE TOKEN

The Contract's Creator of the token may be materially and adversely affected if it fails to effectively manage its operations

as its business develops and evolves, which would have a direct impact on its ability to develop, maintain or operate the Contract's Creator of the token's other tokens and/or develop, structure and/or licence any

Token functionality.

The financial technology and cryptocurrency industries in which the Contract's Creator of the token competes have grown

rapidly over the past few years and continue to evolve in response to new technological advances, changing business models, shifting regulations and other factors. As a result of this constantly changing environment, the Contract's Creator of the token may face operational difficulties in adjusting to the changes,

and the sustainability of the Token will depend on its ability to manage its operations, ensure that it hires qualified and competent employees, and provides proper training for its personnel. As its business evolves, the Contract's Creator of the token must also expand and adapt its operational infrastructure. The

Contract's Creator of the token's business will in part rely on its blockchain-based software systems, cryptocurrency

wallets or other related token storage mechanisms, blockchain technology and smart contract technology. All of these systems, tools, and skillsets represent complex, costly, and rapidly changing technical infrastructure. In order to demonstrate continued ability to effectively manage technical support infrastructure for the Contract's Creator of the token's and the

future functionality of the Tokens, the Contract's Creator of the token will need to continue to upgrade and improve its

data systems and other operational systems, procedures, and controls. These upgrades and improvements will require a dedication of resources and are likely to be complex and increasingly rely on hosted computer services from third parties that the Contract's Creator of the token does not or will not control. If

the Contract's Creator of the token is unable to adapt its systems and organisation in a timely, efficient, and cost-effective

manner to accommodate changing circumstances, its business, financial condition and/or results of operations may be adversely affected. If the third parties whom the Contract's Creator of the token relies on are subject to

personal data private and not share it with the public (e.g., by including it on any external lists or selling to any third parties).
